DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 05/11/06 has been entered.

Allowable Subject Matter

1. Claims 7-15 are allowed.

The following is a statement of reasons for the indication of allowable subject matter:

The prior art of record does not disclose or fairly suggest a method for fabricating a patterned resistor on a substrate comprising the steps of patterning a first layer of resistive material having a first sheet resistance to have a first width and to extend on and directly contacting the surface of the substrate between in the two conductive end terminations; patterning a second of resistive material having a second sheet resistance to have a second width, to extend between the two conductive end terminations, and patterning one of the first and second layers of resistive material to extend onto the two conductive end terminations determining positions of edges of the patterned first and second layers of resistive materials, using the positions of the edges to determine a large offset side of the patterned resistor that has a larger separation between the edges of the patterned first and second layers of resistive materials, and starting the fine trim kerf at the large offset side of the patterned resistor, and other steps in the claims.

Conclusion

Any inquiry concerning this communication or earlier communications from the Examiner should be directed to Vikki Trinh whose telephone number is (571) 272-1719. The Examiner can normally be reached from Monday-Friday, 9:00 AM - 5:30 PM Eastern Time.
